This action approves an award in the amount of \$500,000 to Mecklenburg County, North Carolina which will provide assistance to the County in it's efforts to reduce diesel emissions and exposure throughout the County.

This action approves a time extension of the budget and project period end date from September 30, 2024 to September 30, 2025 for South Carolina.

This action approves an award in the amount of \$662,500 to the Tampa Bay Estuary Program to support implementation of the Comprehensive Conservation and Management Plan.

This action approves an increase in the amount of \$115,243 to the Kentucky's Cabinet of Health and Family Services for their continuing environmental protection programs.

This action approves supplemental funding in the amount of \$158,000 and a time extension from 9/30/2023 to 9/30/2024 for the Eastern Band of Cherokee Indians.

This action provides funding in the amount of \$122,410 to the Eastern Band of Cherokee Indians (EBCI) for the Indian General Assistance Program.

This action provides funding in the amount of \$352,340 to the Catawba Indian Tribe to support its continuing environmental programs for water quality.

The multi-media performance partnership grant agreement includes Air Pollution Prevention and Control (Clean Air Act, Section 105), Water Pollution Prevention and Control (Clean Water Act, Section 105), and Hazardous Waste Management and Control (Resource Conservation and Recovery Act, Section 105).

This action approves funding in the amount of \$902,543 to the Mississippi Band of Choctaw Indians' (MBCI) for this new Performance Partnership Agreement.

This action approves an award in the amount of \$60,085 to the Mississippi Department of Environmental Quality to conduct workshops that raise awareness of environmental issues.

This action provides supplemental funding in the amount of \$8,000 to support the North Carolina Department of Environmental Quality to conduct environmental quality improvement projects.

This action approves an award in the amount of \$ 19,193,000 to North Carolina Department of Environmental Quality for a capitalization grant to support the implementation of the North Carolina Department of Environmental Quality's environmental quality improvement projects.

This action approves an award in the amount of \$92,605 to Tennessee Department of Environment and Conservation to replace outdated equipment.

This action approves funding to Seminole Tribe of Florida in the amount of \$266,070 for the operation of the Tribe's continuing environmental protection programs.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund.

This action provides additional funding in the amount of \$30,000 to Mississippi Band Of Choctaw Indians to provide safe drinking water for over 100,000 people.

This action approves a time extension at no cost for the budget and project period end date from 06/30/2023 to 06/30/2025 to allow Georgia Department of Natural Resources to complete the implementation of the Georgia Department of Natural Resources' environmental protection programs.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Drinking Water State Revolving Fund.

This action approves an award in the amount of \$109,270,000 to the Florida Department of Environmental Protection to help support Florida's environmental protection programs.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund.

This action provides funding in the amount of \$100,000 to support the Alabama Department of Public Health's continuing environmental protection programs.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

This Cooperative Agreement to Michigan Department of Environmental Quality (MDEQ) provides funding in the amount of \$300,000. The funding is for the implementation of the Michigan Department of Environmental Quality's environmental protection programs.

This agreement may fund the participation of the recipient in activities including but not limited to the review of remedial investigation and feasibility studies.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Monroe County will continue to coordinate the implementation of the Rochester Embayment Remedial Action Plan (RAP). Key components of the RAP include the implementation of the Rochester Embayment Remedial Action Plan (RAP) and the implementation of the Rochester Embayment Remedial Action Plan (RAP).

The purpose of this grant is to provide assistance to the Forest County Potawatomi Community to assess the feasibility of using a geothermal energy system.

Michigan Department of Environment, Great Lakes, and Energy (EGLE) will participate with the development and implementation of Lakewide and NGLS Management Plans.

The agreement provides assistance to Illinois Department of Public Health to implement a program of voluntary testing for lead in drinking water at local schools and child care facilities.

This agreement is to an eligible state agency to implement a program of voluntary testing for lead in drinking water at local schools and child care facilities.

This agreement is with the Wisconsin Department of Health Services (WI DHS) to implement a program of voluntary testing for lead in drinking water at local schools and child care facilities.

This Grant Agreement is to a State Agency to implement a program of voluntary testing for Lead in Drinking Water at local Schools and Child Care Facilities.

This agreement is to an eligible state agency to implement a program of voluntary testing for lead in drinking water at local schools and child care facilities.

This agreement provides funding for the operation of the Ohio Department of Health's continuing environmental protection programs while giving it great flexibility in the use of the funds.

This agreement provides funding for the operation of the Wisconsin Department of Health Services' continuing environmental protection programs while giving it great flexibility in the use of the funds.

This Cooperative Agreement provides funding for the operation of the Indiana State Department of Health's (IDOH) continuing environmental protection programs while giving it great flexibility in the use of the funds.

This agreement provides funding for the operation of the Lac du Flambeau Band of Lake Superior Chippewa Indians' (LdF) continuing environmental protection programs while giving it great flexibility in the use of the funds.

Saint Regis Mohawk Tribe will fill traditional ecological knowledge (TEK) data gaps in past and current beneficial use impairment assessments and develop a plan to address the gaps.

Great Lakes Fishery Commission (GLFC) will implement four priority projects that will control invasive species and support the planning and implementation of the Great Lakes Fishery Commission's environmental protection programs.

The Wisconsin Department of Natural Resources will administer 6 projects that will identify management actions, across several beneficial uses of the Great Lakes.

This agreement funds the recipient's program to conduct a Superfund Five-Year Review activities for the Sauk County Landfill site (WID 9806).

The Work proposed by the Saginaw Chippewa Tribe involves the development of staff and management expertise on Pesticide Program issues.

This agreement provides funding to Indiana Finance Authority. Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Indiana Finance Authority's environmental protection programs.

The Agreement provides funding to support the Indiana Finance Authority's project to provide Subawards to local Municipalities in Indiana for the implementation of the Indiana Finance Authority's environmental protection programs.

The agreement provides funding to support the Michigan EGLE project to provide subawards to local municipalities in Michigan for costs associated with the implementation of the Michigan EGLE's environmental protection programs.

The agreement provides funding to support the Minnesota Pollution Control Agency project to provide subawards to local municipalities in Minnesota for the implementation of the Minnesota Pollution Control Agency's environmental protection programs.

The agreement provides funding to support the Wisconsin Department of Natural Resources' project to provide subawards to local municipalities in Wisconsin for the implementation of the Wisconsin Department of Natural Resources' environmental protection programs.

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides funding for the implementation of the Wisconsin Department of Natural Resources' environmental protection programs.

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides funding for the implementation of the Wisconsin Department of Natural Resources' environmental protection programs.

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides funding for the implementation of the Wisconsin Department of Natural Resources' environmental protection programs.

This agreement provides funding to Ohio EPA. Safe Drinking Water Act (SDWA): Section 1452 and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Ohio EPA's environmental protection programs.

This agreement provides funding to Wisconsin Department of Natural Resources (WDNR). Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Wisconsin Department of Natural Resources' environmental protection programs.

This agreement provides funding to Ohio EPA. Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Ohio EPA's environmental protection programs.

This agreement provides funding to Illinois EPA. Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Illinois EPA's environmental protection programs.

The agreement provides funding to support the Ohio Environmental Protection Agency (OH EPA) Division of Environmental and Financial Assistance's environmental protection programs.

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides funding for the implementation of the Ohio Environmental Protection Agency's environmental protection programs.

The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund.

This agreement provides funding to the Michigan Department of Environment, Great Lakes, and Energy under the Safe Drinking Act: Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA) provide funding for the implementation of the Michigan Department of Environment, Great Lakes, and Energy's environmental protection programs.

Testing for Lead in Drinking Water at Schools and Child Care Programs

This agreement provides funding to the Michigan Department of Environment, Great Lakes, and Energy. Section 1452 of the Safe Drinking Water Act (SDWA):

The agreement provides funding to support the Illinois Environmental Protection Agency (IL EPA) project to financial assistance to municipalities. The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to States.

The purpose of this award is to enhance the capacity of Saginaw Chippewa's brownfields response program to meet the Section 128(a) element. The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to States.

This agreement provides funding to Indiana Finance Authority. Safe Drinking Water Act (SDWA): Section 1452 and Infrastructure Investment and Jobs Act (IIJA). The primary purpose/objective of this program is to capitalize Indiana DWSRF program for funding Emerging Contaminants projects consisting of:

This agreement provides funding under the Infrastructure Investment and Jobs Act (IIJA). The purpose of the project is for a capitalization grant.

This agreement provides funding to Ohio EPA under the Safe Drinking Act: Section 1452 and Infrastructure Investment and Jobs Act (IIJA).

This agreement provides funding to Minnesota Public Facilities Authority (MPFA). Section 1452 of the Safe Drinking Water Act (SDWA) and Infrastructure Investment and Jobs Act (IIJA).

The primary purpose/objective of this program is to capitalize Minnesota's DWSRF program for funding Emerging Contaminants projects consisting of:

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides funding to the Wisconsin Department of Natural Resources under the Safe Drinking Act: Section 1452 and Infrastructure Investment and Jobs Act (IIJA).

This agreement provides funding to Wisconsin Department of Natural Resources (WDNR). Safe Drinking Water Act (SDWA): Section 1452 and Infrastructure Investment and Jobs Act (IIJA).

The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to States.

This agreement provides funding to Illinois Environmental Protection Agency under the Safe Drinking Act: Section 1452 and Infrastructure Investment and Jobs Act (IIJA).

This agreement provides funding to Illinois Environmental Protection Agency Safe Drinking Water Act (SDWA): Section 1452 and Infrastructure Investment and Jobs Act (IIJA).

The agreement assists the state of Wisconsin to develop and implement a Public Water System Supervision (PWSS) program to adequately protect public water supplies from contamination.

This agreement provides funding under the Inflation Reduction Act (IRA) to The Minneapolis Foundation. The recipient is a Regional Grantmaking organization.

This Supplemental amendment obligates Federal funding in the amount of \$37,472.00 and increases total project costs to \$73,792. There is no additional funding requested.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Ohio Environmental Protection Agency will develop and implement Lakewide Action Management Plans (LAMPs) for Lake Erie, as well as the implementation of the LAMPs for Lake Erie.

This agreement funds the recipient's program to remediate contaminated source material (chat, bull rock, fine tailings, and smelter waste) and associated infrastructure.

This program will support the state of Arkansas in the administration and enforcement of the lead-based paint accreditation program, training and technical assistance.

The purpose of this award is to provide financial and technical support Cherokee Nation and the Inter-Tribal Environmental Council (ITEC) in implementing the Lead-Based Paint Accreditation Program.

This agreement provides assistance to the Pueblo to implement its project to develop tribal environmental capacity. Specifically, the Pueblo of Laguna will conduct a comprehensive assessment of its water resources.

The purpose of this grant is to capitalize a revolving loan fund for the purpose of cleaning up brownfields sites throughout the jurisdiction of the Pueblo of Laguna.

The Border Environment Infrastructure Fund (BEIF) program will be used to provide construction and transition assistance to eligible potable water systems.

This award provides assistance to the Pueblo of Laguna Tribe to provide management assistance activities for the Jackpile Paguate Superfund site.

This agreement provides funding to the State of New Mexico to assess long-term water quality (WQ) conditions in New Mexico's Animas-San Juan River Basin.

This project provides funding to the Oklahoma Department of Environmental Quality (ODEQ) to supplement a Remedial Investigation/Feasibility Study (RI/FS) at the Tar Creek Superfund site.

This project provides funding to the Quapaw Tribe of Oklahoma to supplement the remedial activities by cleanup of the Tar Creek Superfund site.

This agreement provides assistance to the Pueblo of Nambe to build its capacity to administer environmental programs on Indian lands.

This agreement will provide funding for the City of Tulsa, Oklahoma to inventory, characterize, assess, and conduct cleanup planning and corrective action at the former Phillips 66 gas station.

This agreement provides assistance to the State of Louisiana to identify new releases of petroleum from USTs caused by the effects of Hurricane Ida.

The North American Development Bank (NADB) will use the funds to implement the Border Environment Infrastructure Fund (BEIF) program to improve water infrastructure along the border.

This agreement will provide assistance to the New Mexico Environment Department (NMED) in its efforts to reduce diesel emissions and expand monitoring capabilities.

This agreement funds the recipient's program to conduct Remedial Action activities for the Source Area soil vapor component, which is a soil vapor intrusion investigation.

The primary objectives of Environmental Protection Agency's (EPA's) Comprehensive Environmental Response Climate Liability Act (CERCLA) and Superfund program are to provide financial support to States.

This agreement will provide funding to The City of Tulsa, Oklahoma to clean up a brownfields site at the city-owned Air Force Plant Number 3.

This agreement funds the recipient's program to regarding remediation and restoration of Elm Creek Distal Zone, Distal Chat Pile (CP) 004 Pile.

This agreement will provide assistance to the New Mexico Environment Department (NMED) in its efforts to reduce diesel emissions and expand monitoring capabilities.

This agreement provides assistance to Eight Northern Indian Pueblos Council (ENIPC) Tribal Consortia to support their underground storage tank (UST) program.

This agreement provides funding to Inter-Tribal Environmental Council (ITEC) to support their underground storage tank (UST) program. Specifically, the ITEC will provide technical assistance to the pueblos.

This North American Development Bank (NADB) project protects human health and the environment while advancing U.S. national interests through the implementation of the BEIF program.

This agreement will provide assistance to the North Central Texas Council of Governments (NCTCOG) in its efforts to reduce diesel emissions and expand monitoring capabilities.

These funds for the Texas Commission on Environmental Quality (TCEQ) authorized under the Water Infrastructure Improvements for the Nation (WIIN) Act, the Lead Testing in School and Child Care Program Drinking Water Act (DWA).

Authorized under the Water Infrastructure Improvements for the Nation (WIIN) Act, the Lead Testing in School and Child Care Program Drinking Water Act (DWA).

Authorized under the Water Infrastructure Improvements for the Nation (WIIN) Act, the Lead Testing in School and Child Care Program Drinking Water Act (DWA).

The agreement provides assistance to Oklahoma Department of Environmental Quality (ODEQ) to implement a program of voluntary testing for lead in drinking water.

This agreement provides funds to the recipient to conduct (1) site characterization activities at potential or confirmed hazardous waste sites; (2) sampling and analysis of groundwater and surface water resources; and (3) monitoring and maintenance of existing monitoring wells.

Authorized under the Water Infrastructure Improvements for the Nation (WIIN) Act, the Lead Testing in School and Child Care Program Drinking Water Act (DWA).

Program objectives include building administrative and programmatic capacity, implementing solid waste operations for the Pedro Bay transfer station. The Native Village of Noorvik will continue to build capacity in environmental issues with the tribal community. This four year project commitment. The purpose of this assistance award is to continue establishing and maintaining CRNA's Environmental Program, which coordinates shared resources. The primary objectives of this project include progressive administrative and programmatic capacity development will strengthen the Tribe's environmental program. The Curyung Tribal Council will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on water quality. Ohogamiut will use FY25 GAP funds to manage the environmental office, manage solid waste through backhaul and recycling, work on Climate Change. Project objectives include improving GAP administrative and programmatic functions through training and conference attendance by staff, providing technical assistance. Igiugig Environmental office will hire and maintain staff and manage tribal environmental office. Igiugig Environmental office will operate village environmental program. Aleutian Pribilof Islands Association will continue to build a strong environmental office to support and provide critical, timely human health and environmental information. This agreement provides assistance to the Native Village of Marshall to build its capacity to administer environmental programs on Indian lands. This agreement provides funding for the operation of the Shoshone-Bannock Tribes continuing environmental programs while giving it greater flexibility. The Native Village of Goodnews Bay is building this 2-year workplan on the environmental priorities listed in the EPA Tribal Environmental Plan. This agreement provides assistance to an eligible recipient to build capacity to administer environmental programs on Indian lands. Specific objectives include: The Village of Aniak will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on technical assistance. The primary project objectives include assisting member Tribes with baseline water sampling, compiling data, and reviewing data for its potential. The Native Village of Tatitlek will address priority environmental concerns in the community. Program objectives include building administrative capacity. Primary project objectives are to fully establish Tanana's water quality program, promote sustainability in Tanana's solid waste management. This project will assist the Native Village of White Mountain in building capacity and developing programs to protect the Tribal environment and health. The Native Village of Georgetown will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on water quality. Deliverables and expected outputs and outcomes will include: De-commission up to ten non-certified and lower-tiered engines and replace them with certified engines. The Native Village of Kalskag will use GAP funding to address priority environmental concerns in the community. Environmental staff will focus on water quality. Project funding for fiscal year (FY) 2022 is supplemental to previously allocated federal funding for FY 2021. Washington Department of Ecology. Oregon Department of Environmental Quality (ODEQ) intends to utilize FY22 State Diesel Emission Reduction Act (DERA) funding, to reduce diesel emissions. Idaho Dept. of Environmental Quality (IDEQ) intends to utilize FY22 State DERA funding, to reduce diesel emissions with a rebate program for certified engines. This project will assist the Native Village of Port Lions in building capacities and developing programs to protect the tribal environment and health. Work under this Yakama Nation LUST prevention grant primarily includes conducting inspections and compliance assistance visits at UST facilities. This agreement provides funding for the operation of the Port Gamble S&Kallam Tribe's continuing environmental programs while giving it greater flexibility. The Native Village of Cantwell will continue to build their environmental program through training; continued operation of the collaborative recycling program. The Native Village of Eyak will collect electronics for backhaul to Anchorage for recycling. They will create radio announcements and flyers to encourage participation. Purpose: lead the Stormwater Strategic Initiative 2.0 and administer a subaward program. Activities: facilitate an Advisory Team for decision making. Idaho Department of Environmental Quality (DEQ) will maintain, protect, & improve water quality of rivers, lakes, streams, groundwater, & wetlands. This project will assist the Native Village of Savoonga in building capacity and developing programs to protect the tribal environment and health. This project will assist the Kodiak Area Native Association and their member tribes in building capacities and developing programs to protect the tribal environment and health. The purpose of this cooperative agreement is to improve the health and sanitation conditions in the beneficiaries are the rural Alaska communities. The primary purpose of this award is to support the role as a backbone organization for maintaining the leadership functions and coordination. This agreement will provide funding for Yukon River Inter-Tribal Watershed Council to inventory, characterize, assess, and conduct cleanup planning. This agreement will provide funding for South Central Oregon Economic Development District to inventory, characterize, assess, and conduct cleanup planning. Thirty-five pre-2007 drayage trucks serving the NWSA domestic container terminals will be scrapped and replaced with newer, cleaner diesel trucks. This agreement will provide funding for the Confederated Tribes of Grand Ronde to conduct a range of activities associated with the planning, implementation, and evaluation of the water quality improvement project. This agreement will provide funding for Region IV Development Association, Inc. to inventory, characterize, assess, and conduct cleanup planning. This project will assist the Chugach Regional Resources Commission and their member tribes in building capacities and developing programs to protect the tribal environment and health. This agreement will provide funding for Benton Franklin Council of Governments to inventory, characterize, assess, and conduct cleanup planning.

This agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund (CWSRF) program to improve water quality. The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund program to improve water quality. The purpose of this agreement is for a capitalization grant which provides funds for the recipient's Clean Water State Revolving Fund program to improve water quality. This agreement funds a capitalization grant for the recipient's Clean Water State Revolving Fund program.

This action approves an award in the amount of \$559,258 to the Iowa Department of Natural Resources to support their efforts with improving water quality. This action approves an award in the amount of \$1,000,000 to the Iowa Department of Agriculture and Land Stewardship to support their efforts with improving water quality. This action approves an award in the amount of \$986,161 to assist the Mississippi State University with improving water quality and quantity. This action approves an award in the amount of \$853,866 to the American Farmland Trust, DC to support their efforts with improving water quality. This action approves an award in the amount of \$979,915 to the Practical Farmers of Iowa to support their efforts with improving water quality.

This action approves an award in the amount of \$999,957 to the University of Mississippi to assist with improving water quality in the Gulf of Mexico through the reduction of nutrient export to the Mississippi River.

This action approves an award in the amount of \$959,754 to the Northwest Florida Water Management District to support their efforts with improving water quality. This action approves an award in the amount of \$322,383 to the Georgia Southern University Research and Service Foundation, Inc to support their efforts with improving water quality. This action approves an award in the amount of \$1,087,000 to United South and Eastern Tribes. This agreement is to provide funding to the tribes to improve water quality. This action approves an award in the amount of \$994,287 to the Savanna Institute to support their efforts with improving water quality in the C

This action provides supplemental funding to Fish & Wildlife Conservation Commission, Florida to support their South Florida Geographic Initiatives.

This action approves an award in the amount of \$142,368 to the Florida Department of Environmental Protection to perform site characterization.

This agreement provides supplemental FY23 funding to Florida Fish and Wildlife Conservation Commission to continue to support their South Florida Geographic Initiatives.

The National Air Toxics Trends Station (NATTS) program was developed to fulfill the need for long-term Hazard Air Pollutants monitoring (HAP) monitoring.

The National Air Toxics Trends Station (NATTS) program was developed to fulfill the need for long-term hazardous air pollutants (HAP) monitoring.

The National Air Toxics Trends Station (NATTS) program was developed to fulfill the need for long-term Hazard Air Pollutants monitoring (HAP) monitoring.

This agreement provides supplemental FY23 funding to Florida International University to support their South Florida's Geographic Initiatives.

This agreement provides supplemental FY23 funding to Florida International University to support their South Florida's Geographic Initiatives.

The National Air Toxics Trends Station (NATTS) program was developed to fulfill the need for long-term hazardous air pollutants (HAP) monitoring.

This action approves a no cost time extension of the budget and project periods 9/30/2023 to 9/30/2024 to Ecology Action of Santa Cruz. The purpose of this extension is to allow the project to complete its goals.

This action approves an award in the amount of \$164,620 to the Kentucky Energy and Environment Cabinet to carry out its program to maintain and improve the state's air quality.

This action approves an award in the amount of \$618,977 to support the Florida Department of Environmental Protection in its efforts to reduce air pollution.

The National Air Toxics Trends Station (NATTS) program was developed to fulfill the need for long-term Hazardous Air Pollutants (HAP) monitoring.

This action approves an award to the City of Mauldin, South Carolina in the amount of \$300,000. Activities to be performed may include inventorying and assessing the city's air quality.

This action approves an award in the amount of \$300,000 to the City of Florence, South Carolina. Activities to be performed may include inventorying and assessing the city's air quality.

This action approves an award in the amount of \$300,000 to support the City of Albany, Georgia. Activities to be performed may include inventorying and assessing the city's air quality.

This action approves an award in the amount of \$600,000 to the East Tennessee Development District. Activities to be performed include inventorying and assessing the district's air quality.

This action approves an award in the amount of \$300,000 to provide funding for the Town of Louisburg, NC. Activities to be performed may include inventorying and assessing the town's air quality.

This action approves an award in the amount of \$600,000 to provide funding for the County of Columbus. Activities to be performed may include inventorying and assessing the county's air quality.

This action approves an award in the amount of \$300,000 to the City of Greenville, Mississippi for the purpose of a cooperative agreement. A cooperative agreement is an agreement between two or more parties to work together to achieve a common goal.

This action approves funding in the amount of \$300,000 to the City of Titusville. The purpose of this funding is to support the city's air quality monitoring program.

The purpose of this cooperative agreement is to provide funding in the amount of \$300,000 to the City of Clearwater for a community-wide air quality monitoring program.

The purpose of this cooperative agreement is to provide funding in the amount of \$300,000 to Escambia County, Florida. Activities to be performed include inventorying and assessing the county's air quality.

The purpose of this cooperative agreement is to provide funding for the City of College Park. Brownfields are real property, the expansion, development, or redevelopment of which is hindered by the presence or potential for contamination.

This action approves an award in the amount of \$800,000 to the College Park Business and Industrial Development Authority. Grant funds will be used to support the authority's efforts to develop and revitalize the city's brownfields.

This action approves an award in the amount of \$565,679 to support the North Carolina Department of Air Quality in its efforts to reduce diesel emissions.

This action approves an award in the amount of \$700,000 to Tampa Bay Estuary Program to support their efforts with implementation of the Comprehensive Conservation and Management Plan.

This action approves an award in the amount of \$775,000 to Tampa Bay Estuary Program to support implementation of the Comprehensive Conservation and Management Plan.

This action approves an award in the amount of \$529,167 to support the Mississippi Department of Environmental Quality in its efforts to reduce diesel emissions.

This action approves an award in the amount of \$359,783 to support the Environmental Protection Agency in its efforts to reduce diesel emissions.

This action approves a time extension of the budget and project period end date from September 30, 2024, to September 30, 2025 for the Department of the Interior.

This action approves an award in the amount of \$1,130,400 to the Tennessee Department of Environment and Conservation. This agreement is for the purpose of a cooperative agreement.

The action provides supplemental funding of \$377,000 for the Poarch Band of Creek Indians to allow the tribe to complete the goals of the water quality monitoring program.

This action provides funding in the amount of \$482,000 to Poarch Band of Creek Indians under the Safe Drinking Water Act (SDWA): Section 1905(d)(2)(B) of the SDWA.

This action approves an award in the amount of \$146,876 to support North Carolina Department of Environmental Quality multi-purpose grant program.

This action approves an award in the amount of \$172,664 to the University of South Florida. This grant will fund the recipient's efforts to support the university's research on water quality.

This action approves an award in the amount of \$308,657 to support North Carolina's Environmental Quality's Wetland Programs Development.

This action approves an award in the amount of \$199,164 to North Carolina Department of Environmental Quality to create an online interactive map of the state's wetlands.

This action approves an award in the amount of \$30,630 to support Florida Department of Agriculture & Consumer Services (FDACS), C-1000 program.

This action approves an award in the amount of \$35,220 to the State of Mississippi to fund the recipient's efforts to support Wetlands Program.

This action approves an award to Mississippi Department of Environmental Quality in the amount of \$163,980. The purpose of the award is to support the department's efforts to protect the state's wetlands.

This action approves an award in the amount of \$3,231,000 to support to the State of Mississippi to implement its nonpoint source management plan.

This action approves an award in the amount of \$480,011 to the University of Alabama to improve water quality in the watersheds of the Gulf of Mexico.

This action approves an award in the amount of \$498,144 to the University of South Alabama. The purpose of this award is to enhance water quality in the state's watersheds.

This action approves an award in the amount of \$446,442 to the University of South Florida. The purpose of this award is to utilize novel Microbial Fuel Cells (MFCs) to improve water quality.

This action approves an award in the amount of \$497,659 to Louisiana State University to identify sources of microbial pollution to discern which sources are most responsible for the pollution.

This action approves an award in the amount of \$494,349 to Texas A&M University Corpus Christi. The purpose of this award is to develop and implement a water quality monitoring program.

This action approves an award in the amount of \$499,638 to Eckerd College in Florida. The purpose of this award is to enhance land protection and water quality.

This action approves an award in the amount of \$499,852 to the Louisiana State University Agricultural Center. The purpose of this award is to support the center's research on water quality.

This action approves an award in the amount of \$499,757 to the Mississippi River Cities and Towns Initiative of Missouri. The purpose of this award is to support the initiative's efforts to improve water quality.

This action approves an award in the amount of \$87,640 to the City of Fort Myers. The purpose of this award is to protect the Caloosahatchee River and its water quality.

This action approves an award in the amount of \$500,000 to the City of Tampa. The purpose of this award is to enhance water quality and protect the city's water supply.

This action approves an award in the amount of \$499,478 to Mississippi State University. The purpose of this award is to reduce litter and the associated environmental impacts.

This action approves an award in the amount of \$499,914 to The Nature Conservancy (TNC). The purpose of this award is to reduce nonpoint source pollution and improve water quality.

This action approves an award in the amount of \$499,993 to The Nature Conservancy. The purpose of this award is to reduce nonpoint source pollution and improve water quality.

This action approves an award in the amount of \$501,723 to Sustaining Our Urban Landscape (SOUL). The purpose of this award is to reduce nonpoint source pollution and improve water quality.

This action approves an award in the amount of \$448,625 to Lamar University to improve water quality in the Gulf of Mexico through the use of Microbial Fuel Cells (MFCs).

This action approves an award in the amount of \$499,440 to the County of Santa Rosa. The purpose of this award is to demonstrate the effectiveness of a water quality monitoring program.

This action approves an award in the amount of \$487,197 to the Mississippi Department of Marine Resources. The purpose of this award is to support the department's efforts to protect the state's marine resources.

This action approves an award in the amount of \$496,646 to MQVN Community Development Consortium. The purpose of this award is to develop and implement a water quality monitoring program.

This action approves an award in the amount of \$298,506 to EcoRise Youth Innovations. The purpose of this award is to increase Gulf-related environmental education and awareness.

This action approves an award in the amount of \$299,881 to Mississippi State University. The purpose of this award is to enhance green infrastructure and improve water quality.

This action approves an award in the amount of \$307,553 to Florida State University in their efforts to support South Florida Geographic Initiative.

This action approves an award in the amount of \$329,997 to support Florida Institute of Technology's efforts with supporting South Florida Geographic Initiative.

This action approves an award in the amount of \$305,116 to the University of Florida to support their South Florida Program. This project focuses on the South Florida Program.

This action approves an award in the amount of \$349,678 to Florida Gulf Coast University.

This action approves an award in the amount of \$347,738 to Florida International University to support the South Florida Program. This project focuses on the South Florida Program.

This action approves an award in the amount of \$230,000 to the Martin County Board of County Commissioners to support their South Florida Geographic Initiative.

This action approves an award in the amount of \$261,813.00 to support the Florida Department of Environmental Protection's efforts to support the South Florida Geographic Initiative.

This action approves an award in the amount of \$252,915 to Florida State University in its efforts to support the South Florida Geographic Initiative.

This action approves an award in the amount of \$75,269 to the University of Georgia Research Foundation to conduct a Circularity Assessment.

This action provides additional funding in the amount of \$25,000 to 4 Roots Foundation, Inc. to assist 4Roots Sustainable Food System Network.

This action approves an award in the amount of \$75,000 to support GASP to launch a community needs assessment survey to gauge resident interest.

This action approves an award in the amount of \$55,261 to Georgia Department of Agriculture to provide implement the "Georgia Department of Agriculture's response program. Activities include timely survey.

This project provides funding for North Port Saint. Joe Environmental Workforce Development to recruit, train, and place unemployed and underemployed workers.

This action approves an award in the amount of \$3,000,000 to the Iowa Department of Natural Resources. The purpose of this award is to implement the Gulf of Mexico Program.

This action approves an award in the amount of \$3,000,000 to Winrock International. The purpose of this award is to implement the Gulf of Mexico Program.

This action approves an award in the amount of \$3,000,000 to the National Association of State Departments of Agriculture Research Foundation.

This action approves an award in the amount of \$3,000,000 to the National Association of Conservation Districts Inc. The purpose of this award is to implement the Gulf of Mexico Program.

This action approves an award in the amount of \$200,000 to Georgia Southern Research & Service Foundation. The project will advance the South Florida Geographic Initiative.

This action approves a time extension of the budget and project period end date from June 30, 2023, to June 30, 2024, for Truly Living Well Initiative.

This action approves an award in the amount of \$3,960,300 to support the State of Georgia's implementation of its nonpoint source management plan.

The purpose of this American Rescue Plan funded cooperative agreement is to advance enhanced monitoring of Particulate Matter 2.5 (PM2.5).

This agreement provides partial funding in the amount of \$80,592 to South Carolina Department of Health and Environmental Control to carry out the project.

The purpose of this American Rescue Plan funded cooperative agreement is to advance enhanced monitoring of Particulate Matter 2.5 (PM2.5).

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves funding in the amount of \$500,000 to Merritt Island Redevelopment Agency, Florida. Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves an award in the amount of \$486,500 to the Panama City to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This agreement provides funding in the amount of \$430,500 for Union County to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves an award in the amount of \$500,000 to Georgia Mountain Regional Commission (GMRC) to support their Brownfield program.

This action approves an award in the amount of \$500,000 to Rome Floyd County Development Authority, Georgia to provide funding to inventory, characterize, assess, and remediate brownfields.

This action approves an award in the amount of \$500,000 to the City of Savannah, Georgia to expand, develop, or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves an award in the amount of \$400,000 to Georgia Downtown Development Authority of Social Circle, Georgia to inventory, characterize, assess, and remediate brownfields.

This action approves an award in the amount of \$485,000 to the Georgia Southwest Regional Commission's Brownfield program where they inventory, characterize, assess, and remediate brownfields.

This action approves an award in the amount of \$500,000 to Walker County, Georgia to provide funding to inventory, characterize, assess, and remediate brownfields.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves an award in the amount of \$500,000 to the City of Paducah to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

This action approves an award in the amount of \$500,000 to Duplin County to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

This action approves an award in the amount of \$500,000 to the City of Laurinburg to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

This action approves an award in the amount of \$500,000 to the City of Lenoir to provide funding under the Infrastructure Investment and Jobs Act.

This action approves an award in the amount of \$500,000 to the City of Lumberton to conduct eligible assessment-related activities in Lumberton.

This action approves an award in the amount of \$500,000 to the City of New Bern to conduct eligible assessment-related activities as authorized by the American Rescue Plan Act.

This action approves an award in the amount of \$205,882 to Mississippi Department of Environmental Quality. The purpose of this award is to

This action approves an award in the amount of \$308,824 to support North Carolina Department of Environmental Quality's to provide assistance

This action approves an award in the amount of \$205,882 to the Tennessee Department of Environment and Conservation. The State of Tennessee

This action approves an award in the amount of \$189,361 to the Tennessee Department of Environment and Conservation. This agreement provides

This action approves an award in the amount of \$6,617,700 to the Florida Department of Environmental Protection. This agreement provides

This action provides funding in the amount of \$6,337,200 to assist Florida Department of Environmental Protection. The purpose of the project is to

This action approves an award in the amount of \$900,000 to the City of Oakland Park to implement its project for the Middle River Water Quality

This project approves a supplemental award in the amount of \$350,095, to support Georgia Department of Natural Resources, (GAEPD) as they implement their Environmental Protection Agency's Coal Combustion Residuals permit program.

The action approves funding in the amount of \$1,094,734 to the State of South Carolina Department of Health & Environmental Control (SCDH&EC)

This action approves an award in the amount of \$209,006 under the Inflation Reduction Act (IRA) to Florida Department of Environmental Protection (FDEP)

This action approves an award in the amount of \$313,664.00 under the Inflation Reduction Act (IRA) to North Carolina Department of Environment and Natural Resources (NCEM)

This action approves an award in the amount of \$64,825 to the Metropolitan Government of Nashville and Davidson County, Tennessee. This award is to

This action provides partial funding in the amount of \$64,000 to support Jefferson County Health Department (JCDH). The purpose of this grant is to

This action approves an award in the amount of \$377,295 to Georgia Environmental Protection Division under the Inflation Reduction Act (IRA) to

This action awards \$60,008 in funding under the Inflation Reduction Act (IRA) to Miami-Dade County. The purpose of this grant is to enhance the

This action approves funding in the amount of \$63,065 to Hillsborough County Environmental Protection Commission under the Inflation Reduction Act (IRA)

This action approves funding in the amount of \$38,994 to Broward Co under the Inflation Reduction Act (IRA). The purpose of this grant is to

This action approves an award in the amount of \$68,536 to the Shelby County Board of Commissioners. This agreement provides funding under the Inflation Reduction Act (IRA)

This action approves an award in the amount of \$3,000,000 to the Tennessee Department of Environment and Conservation (TDEC). This agreement provides funding under the Inflation Reduction Act (IRA)

This action approves an award in the amount of \$3,000,000 to the Georgia Dept of Natural Resources to develop a comprehensive, economy-wide, climate change

This action approves an award in the amount of \$3,000,000 to support the Alabama Department of Environmental Management (ADEM) to develop a comprehensive, economy-wide, climate change

This action approves an award in the amount of \$3,000,000 to Mississippi Department of Environmental Quality (MSDEQ). The purpose of this award is to

This action approves an award in the amount of \$552,730 to the Tennessee Department of Environment and Conservation (TDEC). This agreement provides funding under the Inflation Reduction Act (IRA)

This action provides funding in the amount of \$757,655 to the State of Georgia's Underground Storage Tank (UST) program. Specific funding is provided to

This action approves an increase in the amount of \$1,803,604 to support the Georgia Department of Natural Resources (GDNR)'s Litter Management Program

This action approves an increase of \$43,268 for the Eastern Band of Cherokee Indian Tribe to perform activities regarding the Clean Air Act.

This action approves an award in the amount of \$125,425 to Mississippi Department of Environmental Quality. The purpose of this grant is to

This action provides funding in the amount of \$460,000 to Mississippi Department of Environmental Quality. The purpose of the award is to provide

This action approves funding in the amount of \$120,000 to the City of Thomson, Georgia to fund its First Avenue Storm Water Improvements Project

This action provides funding under the Inflation Reduction Act (IRA) in the amount of \$3,000,000 to South Carolina Department of Health and Environmental Control (SCDH&EC)

This action approves an award in the amount of \$3,231,000 to Mississippi Department of Environmental Quality. The purpose of the award is to

This action provides funding in the amount of \$1,581,295 to JXN Water, Inc. to implement its project as directed in the 2022 Consolidated

This action approves an award in the amount of \$105,099 to the South Carolina Department of Health and Environmental Control (SCDH&EC)

This action approves an award in the amount of \$15,955 to the Tennessee Department of Environment and Conservation. The purpose of this award is to

This action approves an award in the amount of \$3,000,000 under the Inflation Reduction Act (IRA) to the North Carolina Department of Environment and Natural Resources (NCEM)

This action approves an award in the amount of \$234,328 to the Kentucky Energy and Environment Cabinet under the Inflation Reduction Act (IRA)

This action approves funding in the amount of \$33,071 to Florida Department of Health (Palm Beach County) under the Inflation Reduction Act (IRA)

This action approves an award in the amount of \$3,956,900 to Georgia Department of Natural Resources to implement its nonpoint source management

This action approves an award in the amount of \$53,350 to the Tennessee Department of Environment and Conservation. The purpose of this award is to

This action approves an award in the amount of \$1,494,998 to Gulf of Mexico Alliance to support their efforts with improving the water quality

The action provides funding in the amount of \$719,932 to the State of South Carolina Department of Health and Environmental Control (SCDH&EC)

This action approves an increase in the amount of \$60,000 to support Kentucky Energy and Environment Cabinet for the purpose of activities

This action approves an award in the amount of \$25,707,000.00 under the Infrastructure Investment and Jobs Act (IIJA) to the State of Alabama

This action provides partial funding in the amount of \$16,535 to support the Alabama Department of Environmental Management for activities

This action provides funding in the amount of \$35,750 to support the Alabama Department of Environmental Management for activities that are

This action approves an award in the amount of \$783,614 to North Carolina Department of Environmental Quality. The funds will be used to

This action approves an award in the amount of \$103,887 to the Tennessee Department of Environment and Conservation. The purpose of this award is to

This action provides funding in the amount of \$39,753 to Mississippi Department of Environmental Quality. The purpose of this award is to

This action provides funding in the amount of \$53,075 to Mississippi Department of Environmental Quality. The purpose of this cooperative agreement is to

This action approves an award in the amount of \$1,000,000 under the Inflation Reduction Act (IRA) to Centralina Council of Governments to

This action approves an award in the amount of \$592,253 to the Tennessee Department of Environment and Conservation. This agreement provides funding under the Inflation Reduction Act (IRA)

This action provides funding in the amount of \$39,126 to support the Alabama Department of Environmental Management for activities including

This action approves funding in the amount of \$592,253 South Carolina Department of Health and Environmental Control (SCDH&EC). This agreement provides funding under the Inflation Reduction Act (IRA)

This action approves incremental funding in the amount of \$150,300 to provide funds to the Kentucky Energy and Environment Cabinet to

This action approves an award in the amount of \$999,380 under the Inflation Reduction Act (IRA) to the Lexington-Fayette Urban County Government

This action approves an award in the amount of \$89,707 to the Louisville-Jefferson Co. Metro Government under the Inflation Reduction Act (IRA)

This action approves an award in the amount of \$494,000 to Southern Mississippi Planning and Development District. The purpose of this award is to conduct remediation activities.

This action approves an award in the amount of \$960,485 to City of Vicksburg. The purpose of this award is to conduct remediation activities.

This action approves an award in the amount of \$1,000,000 to provide funding under the Infrastructure Investment and Jobs Act (IIJA) for Alameda County.

This action approves an award in the amount of \$500,000 to the Town of Fairmont to conduct eligible assessment-related activities as authorized by the IIJA.

This action approves an award in the amount of \$500,000 under the Infrastructure Investment and Jobs Act (IIJA) to the City of Marion North.

This action approves an award in the amount of \$744,700 to the Winston Salem Forsyth County Schools to provide funding to conduct eligible activities.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

This action approves an award in the amount of \$1,000,000 to the Economic Development Growth Engine Industrial Development Board, Terrebonne Parish.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

This action approves an award in the amount of \$1,000,000 to the City of Memphis and Shelby County Community Redevelopment Agency (CCRA).

This action approves an increase of \$37,125 to the Georgia Department of Natural Resources to fund activities that are not assignable to specific projects.

This action approves an increase of \$67,673 to support the Georgia Department of Natural Resources participation in activities including but not limited to beach monitoring and notification.

This agreement funds the recipient's beach monitoring and notification program for the upcoming swimming season, including meeting criteria for water quality.

The agreement provides funding to support the North Carolina Department of Environmental Quality (NCDEQ) project to provide subawards to local governments.

This action approves an award in the amount of \$46,772 under the Infrastructure Investment and Jobs Act (IIJA) to Georgia Environmental Finance Authority (GEFA).

The agreement provides funding to support the Tennessee Department of Environment and Conservation Sewer Overflow Program Project to provide subawards to local governments.

This action approves funding in the amount of \$35,750 to the Mississippi State Oil and Gas Board. The purpose of this project is to implement a program to reduce oil and gas production.

This action approves an award in the amount of \$87,550,000 under the Infrastructure Investment and Jobs Act (IIJA) to the Florida Department of Environmental Protection (FDEP).

This action approves an award in the amount of \$3,156,000 to the Florida Department of Environmental Protection. The purpose of this agreement is to provide funding for the Florida Department of Environmental Protection.

This action approves an award in the amount of \$29,741,000 to the Florida Department of Environmental Protection. The purpose of this agreement is to provide funding for the Florida Department of Environmental Protection.

This agreement provides supplemental FY22 funding to Florida Department of Environmental Protection under the Safe Drinking Water Act: Section 1452 of the SDWA.

.

This action provides funding in the amount of \$253,853 to the South Carolina Department of Health and Environmental Control (SCDHEC) to provide funding for the South Carolina Department of Health and Environmental Control.

This action provides funding in the amount of \$177,375 to provide funds to the North Carolina Department of Environmental Quality (NC DEQ) to provide funding for the North Carolina Department of Environmental Quality.

This action provides funding in the amount of \$158,692 to provide funds to the North Carolina Department of Environmental Quality (NC DEQ) to provide funding for the North Carolina Department of Environmental Quality.

This action approves an award in the amount of \$61,715,000 to provide funding under the Infrastructure Investment and Jobs Act (IIJA) to the North Carolina Department of Environmental Quality.

This action provides funding in the amount of \$30,388 to Mississippi Department of Environmental Quality. The purpose of this cooperative agreement is to provide funding for the Mississippi Department of Environmental Quality.

This action approves an award in the amount of \$35,242,000 to support the Georgia Environmental Finance Authority's Clean Water State Revolving Fund (CWSRF) program.

This action approves funding in the amount of \$38,451,000 to Georgia Environmental Finance Authority for their Clean Water State Revolving Fund (CWSRF) program.

This action provides funding in the amount of \$71,500 to provide funding to the North Carolina Department of Environmental Quality (NC DEQ) to provide funding for the North Carolina Department of Environmental Quality.

This action provides funding in the amount of \$56,213 to support the Alabama Department of Environmental Management to perform site characterization and assessment.

This approves an award in the amount of \$180,000 to the City of Beaufort, South Carolina to implement its project, Bayard Street Drainage Improvement Project.

This action provides funding in the amount of \$161,240 to Mississippi Department of Environmental Quality's (MDEQ). The purpose of this grant is to provide funding for the Mississippi Department of Environmental Quality.

This action approves funding in the amount of \$36,716,000.00 to the State of South Carolina Department of Health and Environmental Control (SCDHEC).

This agreement provides funding to South Carolina Department of Health and Environmental Control. Safe Drinking Water Act (SDWA): Section 1452 of the SDWA.

This action approves an award in the amount of \$2,105,000 to provide funding to Brunswick County, North Carolina to implement its Northwater project.

This action provides funding in the amount of \$28,600 to the North Carolina Department of Environmental Quality for activities including but not limited to beach monitoring and notification.

This agreement funds the recipient's beach monitoring and notification program for the upcoming swimming season, including meeting criteria for water quality.

This action provides funding in the amount of \$2,000,000 to the City of Bardonia. The purpose of this project is to address existing deficiencies in the City of Bardonia.

This action approves an award in the amount of \$8,133,000 to Mississippi State Department of Health. The purpose of this agreement is for a capitalization grant.

This agreement provides funding to the Mississippi Department of Health in the amount of \$9,622,000. The purpose of this agreement is for a capitalization grant.

The primary purpose/objective of this program is to capitalize South Carolina Clean Water State Revolving Fund (CWSRF) program for funding for the South Carolina Department of Health and Environmental Control.

This action approves funding in the amount of \$400,000 to support The City of Lancaster, Kentucky in improving accessibility of drinking water.

This action approves funding in the amount of \$111,601,000 to Florida's Department of Environmental Protection under the Section 1452 of the SDWA.

This action approves an award in the amount of \$254,788,000 to Florida Department of Environmental Protection, Florida. Safe Drinking Water Act (SDWA): Section 1452 of the SDWA.

This action approves an award in the amount of \$30,518,000 to Mississippi State Department of Health. This award authorizes the state to utilize the award for the Mississippi State Department of Health.

This action provides an increase of funding in the amount of \$2,503,000 to Mississippi Department of Health from reallocated Wyoming SRF funds.

This action approves an award in the amount of \$87,062,000.00 to North Carolina Department of Environmental Quality. Section 1452 of the SDWA.

The purpose of this agreement is for a capitalization grant which provides funds for the North Carolina Department of Environmental Quality's Safe Drinking Water Act (SDWA) project.

This action approves an award in the amount of \$21,054,000.00 to provide funding to the North Carolina Department of Environmental Quality for a capitalization grant.

This action approves an award in the amount of \$21,054,000.00 to provide funding by the Infrastructure Investment and Jobs Act (IIJA) (PL 116-66) to the North Carolina Department of Environmental Quality.

This action approves an award in the amount of \$1,688,000.00 to the North Carolina Department of Environmental Quality for a capitalization grant.

This action approves an award in the amount of \$3,838,000.00 to provide funding under the Infrastructure Investment and Jobs Act (IIJA) to the North Carolina Department of Environmental Quality.

This action approves an award in the amount of \$3,838,000.00 to provide funding under the Infrastructure Investment and Jobs Act (IIJA) to the North Carolina Department of Environmental Quality.

The agreement provides funding to support the Kentucky Energy and Environment Cabinet's (KYEEC) project to provide subawards to local governments.

This agreement provides funding in the amount of \$8,000,000 to the City of Rock Hill, South Carolina to implement its project to construct an aqueduct.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.

This action approves an award in the amount of \$1,078,000 to Miccosukee Tribe of Florida under the Safe Drinking Water Act (SDWA): Section 1452 of the SDWA.

This action approves funding in the amount of \$164,000.00 to Miccosukee Corporation to implement projects and activities that assist public health and safety.

The agreement provides funding to the Georgia Environmental Finance Authority's (GEFA) to provide subawards to local municipalities in Georgia to implement water quality improvement projects.

This agreement funds the recipient's beach monitoring and notification program for the upcoming swimming season, including meeting criteria for beach closures.

This agreement provides funding in the amount of \$898,000 to the State of South Carolina to implement a program to provide drinking water to underserved communities.

This action approves an award in the amount of \$1,563,500 to Mississippi Department of Environmental Quality. The purpose of this award is to provide funding for the operation of the Oneida Nation's continuing environmental programs while giving it greater flexibility to manage its resources.

This action approves an award in the amount of \$449,000,000 to Mississippi State Department of Health. The purpose of the award is to provide funding for the operation of the Oneida Nation's continuing environmental programs while giving it greater flexibility to manage its resources.

This action approves an award in the amount of \$1,600,000 to the City of East Point, Georgia to implement its project to renovate their Water Treatment Plant.

This action approves an award in the amount of \$13,123,000 to the Tennessee Department of Environment and Conservation. The purpose of this award is to provide funding for the operation of the Stockbridge-Munsee Community's continuing environmental programs while giving it greater flexibility to manage its resources.

This action approves an award in the amount of \$1,358,000 to the Tennessee Department of Environment and Conservation. This agreement provides funding for the operation of the Stockbridge-Munsee Community's continuing environmental programs while giving it greater flexibility to manage its resources.

This action provides additional funding in the amount of \$279,000 to assist Georgia Department of Natural Resources in support of the recipient's project to upgrade its wastewater treatment plant.

This action approves an award in the amount of \$1,750,000 to the City of Dade City to implement its project to upgrade its wastewater treatment plant.

This agreement funds the recipient's program to conduct Remedial Design (RD) and bid specification activities for the soil excavation and off-site disposal of contaminated soil.

The agreement provides funding to Red Cliff Band of Lake Superior Chippewa. Specifically, the recipient will: update the Red Cliff Wetland Inventory; conduct a wetland delineation; and develop a wetland management plan.

The Illinois Department of Natural Resources (IDNR) Coastal Management Program (CMP) will provide guidance, decision-making, planning, outreach, and technical assistance to the recipient.

The purpose of this Management Assistant Agreement (MAA) between New York State Department of Environmental Conservation (DEC) and the recipient is to provide technical assistance to the recipient in the implementation of the DEC's Coastal Management Program (CMP).

This agreement provides funding for the operation of the Oneida Nation's continuing environmental programs while giving it greater flexibility to manage its resources.

This agreement provides funding to the State of Indiana Department of Environmental Management (IDEM) to carry out its program to maintain and improve the quality of the State's water resources.

This agreement provides funding for the operation of the Stockbridge-Munsee Community's continuing environmental programs while giving it greater flexibility to manage its resources.

CERCLA Section 128(a) authorizes activities by the recipient to "assist small communities, Indian tribes, rural areas, or disadvantaged communities in the implementation of environmental protection programs."

This agreement is to the Minnesota Department of Health to implement a program of voluntary testing for lead in drinking water at local public water systems.

The agreement provides assistance to Wisconsin Department of Health Services to implement a program of voluntary testing for lead in drinking water at local public water systems.

The agreement provides assistance to the Ohio Department of Health to implement a program of voluntary testing for lead in drinking water at local public water systems.

The Agreement provides assistance to the Indiana Finance Authority to implement a program of voluntary testing for lead in drinking water at local public water systems.

The agreement provides assistance to Michigan Department of Environment, Great Lakes and Energy to implement a program of voluntary testing for lead in drinking water at local public water systems.

This agreement provides funding for the operation of the Sault Ste. Marie Tribe of Chippewa Indians (SSM Tribe) continuing environmental programs while giving it greater flexibility to manage its resources.

The agreement assists the state of Indiana to develop and implement a public water system supervision program to adequately enforce the National Sanitation Foundation Water Quality Award (NSF) standards.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

The agreement provides funding to support the Indiana Finance Authority's project to provide subawards to local municipalities in Indiana for the implementation of water quality improvement projects.

This agreement funds a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement funds a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement funds a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the Wisconsin DNR's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement funds a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement funds a capitalization grant for the recipient's Clean Water State Revolving Fund (CWSRF) program with a primary purpose of providing financial assistance to local public water systems.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

The agreement provides funding to support the Illinois Environmental Protection Agency's project to provide subawards to local municipalities for the implementation of water quality improvement projects.

This agreement provides support to the Leech Lake Ojibwe to implement its program to manage underground storage tanks on tribal lands and to provide technical assistance to the recipient in the implementation of the DEC's Coastal Management Program (CMP).

The purpose of this award is to enhance the capacity of Bay Mills Indian Community's (BMIC) brownfields response program to meet the Secondary Contamination Response Program (SCRP) objectives.

The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to State and Tribal governments to implement and maintain environmental protection programs.

The primary objectives of EPA's CERCLA Section 128(a) State and Tribal Response Program grants are to provide financial support to State and Tribal governments to implement and maintain environmental protection programs.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement funds a capitalization grant for the recipient's Clean Water State Revolving Fund (CWSRF) program with a primary purpose of providing financial assistance to local public water systems.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), for the recipient's project to upgrade its wastewater treatment plant.

This agreement provides funding for the operation of the Upper Sioux Indian Community (USC) continuing environmental programs while giving it greater flexibility to manage its resources.

This agreement provides support to the White Earth Band of Chippewa to implement its program to manage underground storage tanks on tribal lands and to provide technical assistance to the recipient in the implementation of the DEC's Coastal Management Program (CMP).

The purpose of this grant is to provide assistance to the Red Cliff Band of Lake Superior Chippewa in its efforts to implement air quality programs and to provide technical assistance to the recipient in the implementation of the DEC's Coastal Management Program (CMP).

The purpose of this agreement is to provide funds to the Louisiana Department of Environmental Quality (LDEQ) so that it may provide subawards to local municipalities for the implementation of water quality improvement projects.

This agreement provide funds to the recipient to conduct (1) site characterization activities at potential or confirmed hazardous waste sites; (2) site assessment activities at potential or confirmed hazardous waste sites; and (3) site remediation activities at potential or confirmed hazardous waste sites.

This agreement provides funding to the State of Arkansas to carry out its program to maintain, protect, and improve the water quality of its rivers and streams.

This agreement will provide Grant funds to Arkansas Department of Energy and Environmental Quality (ADEQ) to provide financial assistance to local public water systems for the implementation of water quality improvement projects.

The agreement assists the state of Oklahoma to develop and implement a Public Water System Supervision (PWSS) program to adequately enforce the National Sanitation Foundation Water Quality Award (NSF) standards.

This agreement will provide funding for Western Arkansas Planning and Development District to inventory, characterize, assess, and conduct remedial actions at hazardous waste sites.

This agreement funds the recipient's program to conduct the Remedial Design at the Tar Creek Operable Unit 2 hazardous waste site, which is a Superfund site.

This agreement will provide assistance to the Port of Houston Authority (TX PHA), in its efforts to reduce diesel emission reduction and exposure to the public.

This agreement will provide assistance to the American Lung Association in its efforts to reduce diesel emissions and exposure in the states of Texas and Louisiana.

New Mexico Environmental Department (NMED) Multi-Project Cooperative Agreement (MPCA)
Assist Small, Underserved, and Disadvantaged Communities (SUDC)
Pueblo of Santa Ana Performance Partnership Grant 2024-2025
FY22 Clean Water Act 106 Monitoring Initiative Grant Program
State of Louisiana Community-Wide Assessment Grant for States and Tribes
Regional Planning Commission Brownfield Program
Supersized Community-Wide Assessment Grant
El Paso Downtown Management District's (DMD) Brownfield Assessment Grant Program

The purpose of the project is to refine the Restorable Wetland Identification Protocol (RWIP) and apply the updated method across Oklahoma.

New Mexico Environmental Department (NMED) Surface Water Quality Bureau (SWQB) Wetlands Program proposes to carry out several activities.

The New Mexico Environment Department (NMED) Surface Water Quality Bureau (SWQB) Wetlands Program proposes to map and classify wetlands.

This agreement contains activities that complement existing environmental program grants. Specifically the recipient will use this multipurpose grant.

These funds from the North American Development Bank (NADB) will provide assistance to implement the recipient's institutional capacity assessment.

The purpose of this program is to improve the ecological health of the Lake Pontchartrain Basin. This agreement provides funding to the University of Louisiana at Lafayette.

The purpose of this Environmental Justice and American Rescue Plan funded small grant is to educate community members near refineries and petrochemical facilities.

This agreement provides assistance to the Tribe to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo of San Ildefonso to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Modoc Nation to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Eight Northern Indian Pueblos Council to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo of Santa Clara to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo of Picuris to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Kickapoo Traditional Tribe of Texas to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Wichita and Affiliated Tribes to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Tribe to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Pueblo to build its capacity to administer environmental programs on Indian lands.

This agreement provides funding for the operation of the Muscogee Creek Nation continuing environmental programs while giving it greater flexibility.

This agreement provides funding for the operation of the Absentee Shawnee Tribe's continuing environmental programs while giving it greater flexibility.

This agreement provides funding to Pueblo of San Ildefonso to carry out its program to maintain, protect, and improve the water quality of its rivers.

This agreement provides assistance to the Pueblo to build its capacity to administer environmental programs on Indian lands.

Ecology Action of Santa Cruz, proposes to develop and pilot comprehensive sustainability assessments in 20 grocery stores in underserved communities.

This agreement provides assistance to the Kiowa Tribe to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the United Keetoowah Band of Cherokee Indians in Oklahoma to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Thlopthlocco Tribal Town to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to Mescalero Apache Tribe to build its capacity to administer environmental programs on Indian lands.

This agreement provides assistance to the Cherokee Nation to build its capacity to administer environmental programs on Indian lands.

The purpose of this ARP funded grant is to provide assistance to the Cherokee Nation ITEC to implement its project to develop tribal environmental programs.

The Border 2025 Program continues to target and focus on underserved communities that may be disproportionately impacted by environmental issues.

This agreement provides funding to the Tonkawa Tribe to carry out its program to maintain, protect, and improve the water quality of its rivers.

The City of Bentonville, AR in partnership with the Watershed Conservation Resource Center (WCRC) proposes to conduct an inventory and assessment of wetlands.

With this award New Mexico will develop and demonstrate new methods for restoring fen wetlands and to restore at least 70 acres of wetland.

The New Mexico Environment Department (NMED) Surface Water Quality Bureau (SWQB) Wetlands Program proposes to map and classify wetlands.

The purpose of this American Rescue Plan (ARP) funded cooperative agreement provided to Texas Commission on Environmental Quality, is to provide assistance to the Texas Commission on Environmental Quality to carry out its program to maintain, protect, and improve the water quality of its rivers.

This agreement provides assistance to the Delaware Tribe to build its capacity to administer environmental programs on Indian lands.

This project provides funding for Cheyenne and Arapaho Tribes of Oklahoma to recruit, train, and place unemployed and underemployed residents.

This agreement may fund the participation of the recipient in activities including but not limited to the review of remedial investigation and feasibility studies.

This agreement funds the recipient's program to conduct remedial action at the McGaffey and Main hazardous waste site, which is listed on the National Priorities List.

This agreement funds the recipient's program to conduct the remedial action at the Eagle Picher Carefree Battery hazardous waste site, which is listed on the National Priorities List.

This agreement provides assistance to the Apache Tribe to build its capacity to administer environmental programs on Indian lands.

To prove the validity of Oklahoma Rapid Assessment Method (OKRAM) as a rapid measure of wetland condition, several obstacles to final validation must be overcome.

The purpose of this agreement is for a capitalization grant, funded by the Infrastructure Investment and Jobs Act (IIJA) (PL 117-58), which provides for the recipient's program to conduct remedial action at the Eagle Picher hazardous waste site, which is listed on the National Priorities List.

This agreement is to an eligible state or tribe to implement a program to provide drinking water program assistance to underserved, small and rural communities.

This agreement funds the recipient's program to conduct remedial action at the Eagle Picher hazardous waste site, which is listed on the National Priorities List.

This agreement provides funds to the recipient to conduct (1) site characterization activities at potential or confirmed hazardous waste sites; (2) site assessment activities at potential or confirmed hazardous waste sites; and (3) site remediation activities at potential or confirmed hazardous waste sites.

This agreement is to an eligible state or tribe to implement a program to provide drinking water program assistance to underserved, small and rural communities.

This agreement provides funding for the operation of the Pueblo of Santa Ana's continuing environmental programs while giving it greater flexibility.

This agreement provides funding to Louisiana to carry out its program to maintain, protect and improve the water quality of its rivers, lakes, streams and wetlands.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.

Brownfields are real property, the expansion, development or reuse of which may be complicated by the presence or potential presence of a hazardous substance.
